CLOUD
ITEM 02765

The design of the Cloud pendant captures the magical moment when the sun breaks through from behind the clouds.

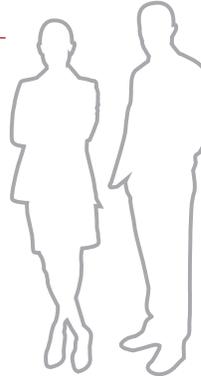

An acrylic orb is encircled by sinuous white acrylic panels, each element suspended to create a complex yet soothing form. The cloud-like panels are heated and shaped by hand; and like snowflakes, no two pendants are exactly the same.

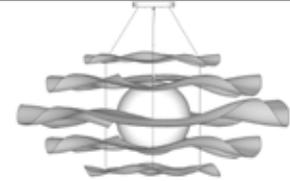

Cloud's organic form works well in clusters to soften and warm larger spaces. Cloud can be made in a wide range of specialty acrylics and larger sizes and oval shapes are available by custom request.

Three layers of acrylic with 8" diameter globe

 12 in/
30.5 cm

24 in/61 cm

Five layers of acrylic with 10" diameter globe

 22 in/
56 cm

44 in/112 cm

Small Pendant
Mounting Option

Standard junction box mounting

Wiring Option

White wire

Shade Options

White translucent polymer

Lamping Option

1 x 26watt max E26 medium base socket 120v

Bulb

Dimmable LED bulb included

Dimming

Determined by compatible bulb selection

Shade dimensions (H x W x L)

 12 in x 24 in x 24 in
(30.5 cm x 61 cm x 61 cm)

Weight

< 15 lb (7 kg)

Suspension Length

Adjustable 8ft cord

CA Title 24
