

## Ringz Pendants

The clean geometry of Ringz makes this collection a natural fit in modern spaces or as a striking counterpoint in more eclectic environments. Ringz are available in six standard diameters, starting at 36" and up to 94", making it easy to create an impact in spaces both large and small. Other configurations are available by custom order; contact your sales rep or the Fire Farm offices.

### FINISH OPTIONS

Ringz pendants are available in nickel silver and standard powder coat options listed. Contact your sales rep or our office for other custom color finishes.

## Ringz Chandeliers

Ringz chandeliers are the perfect solution to decorate public spaces such as atriums, hallways, lobbies or dining rooms. Fire Farm offers four standard chandelier sets from three to six rings. By adjusting each ring's suspension, the chandeliers can either be hung in different configurations to create dramatic effects.

## PENDANT AND CHANDELIER SPECIFICATIONS

**Mounting Option**  
Standard junction box  
(Chandeliers > 50lbs require support independent of junction box)

**Wiring Option**  
Clear wire

**Dimming**  
PWM or 0-10V dimmable  
(Contact factory for dimming options)

**Suspension Length**  
Adjustable 10 ft cord and cables

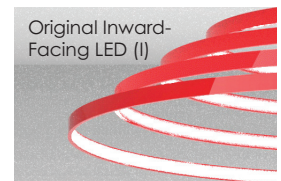

**CA Title 24**

**Certification**  
UL listed for damp locations

## NEW DESIGN OPTIONS

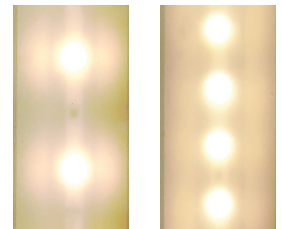

The original Ringz has LEDs inset inward (I). We offer a new option in which the LEDs are on the exterior (O) for an extra burst of illumination.

## NEW LAMPING OPTIONS

Two integrated LED output options are now available; select from standard output (SO) or high output (HO).

Fire Farm is a US-based manufacturer serving the interior architecture and design community by creating innovative lighting and sculptural works of art.

Started in a garage in Oakland, California in 1991, Fire Farm has worked with light since then under the direction of Adam Jackson Pollock. The works presented here exist because of the combined labor, care, and creativity of past and present individuals who have made up Fire Farm.

In 2001, Fire Farm relocated to Elkader, Iowa, to continue manufacturing in the USA. Everything is made and globally distributed from Elkader.
