

SPECIFICATION SHEET

PRODUCT DESCRIPTION

The PSYC sconce is created from perforated round panels that generate endlessly variable moire patterns as you rotate the disks or move around the sconce. The patterns are extremely dynamic and compelling, creating a psychedelic effect.

CONSTRUCTION & FINISHES

- Perforated metal
- Gloss Black finish shown (stock or custom colors available)
- 36in H x 36in W x 5in D
- Available in LED, CFL, Incandescent

DESIGNED BY Craig Bennett

MANUFACTURED & DISTRIBUTED IN THE USA BY Fire Farm, Inc.

PRODUCT APPLICATION

This design works in almost any environment, from private residences to commercial spaces.

KEY FEATURES

- Made in the USA
- Clear, concise installation instructions and efficient design translate to an easier, faster, reliable assembly
- Available in custom sizes and paint finishes

ABOUT THE COMPANY

Fire Farm Lighting is a custom lighting design and manufacturing company. In addition to a pre-designed product line, we provide complete creative and fabrication services to conceptualize and execute original designs. Using an ever-expanding variety of materials and processes, we make lights to define space and create exciting environments. We make light to live by.
